Location & LANDMARKS

Eaton DC is Eaton Workshop's flagship location in downtown Washington, D.C. Opened in 2018, it is inspired by the historic political and countercultural movements that struggled for social and environmental progress. The design, which references old newsrooms and the history of the building as a bus terminal and printing house, evokes the nostalgia of an analog era while presenting an explosion of greenery and holistic offerings on K Street.

Eaton DC is ideally located to everything the city has to offer. A bevy of food and drink options dot the neighborhood, while cultural touchstones like the National Museum of African American History and Culture, the National Portrait Gallery, the Touchstone Gallery, the National Museum of Women in the Arts, and the National Geographic Museum are all a quick walk from the hotel.

BEST PRACTICES

Triple BOTTOM LINE

PEOPLE

We're a proud union shop and all of our workers including tipped workers make a living wage. We've provided space and support to over a hundred community organizations working toward social justice, including Black Lives Matter, Capital Pride, Empower DC, Platform, and the ACLU.

PLANET

Our building is LEED Gold certified and we've implemented a rigorous sustainability program to reduce waste and emissions. We work closely with environmental justice groups as they advocate for the health and safety of their communities both locally and globally.

PROFIT

If we can effectively serve our communities and steward our land while being profitable, we subvert an economic system that is inherently unsustainable and unfair. So far, we've been able to demonstrate that profit emerges from ethical business practices; the two are bound together by the defiant optimism of our thoughtful clients.

BEST PRACTICES

Sustainability ON-SITE

Every year, we're proud to host activists and organizations on the frontlines of fighting environmental injustice in their communities. We designed Eaton DC to honor their struggle on behalf of land, water, and life:

- Eaton DC is LEED Gold certified.
- We catch and recycle rainwater that falls on the building.
- We eliminate food waste to landfills using an aerobic digester.
- We prioritize local and organic ingredients and products.
- We use energy-efficient lighting, HVAC, and water flow technologies.
- We select sustainably-sourced construction materials and furnishings.

BEST PRACTICES

Social IMPACT

Our Impact program prioritizes supporting local, grassroots organizations, led by people who are directly affected by the issues they advocate for. We're proud to call these organizations our Impact partners and host their events, panels, fundraisers, screenings, social gatherings, meetings, and retreats.

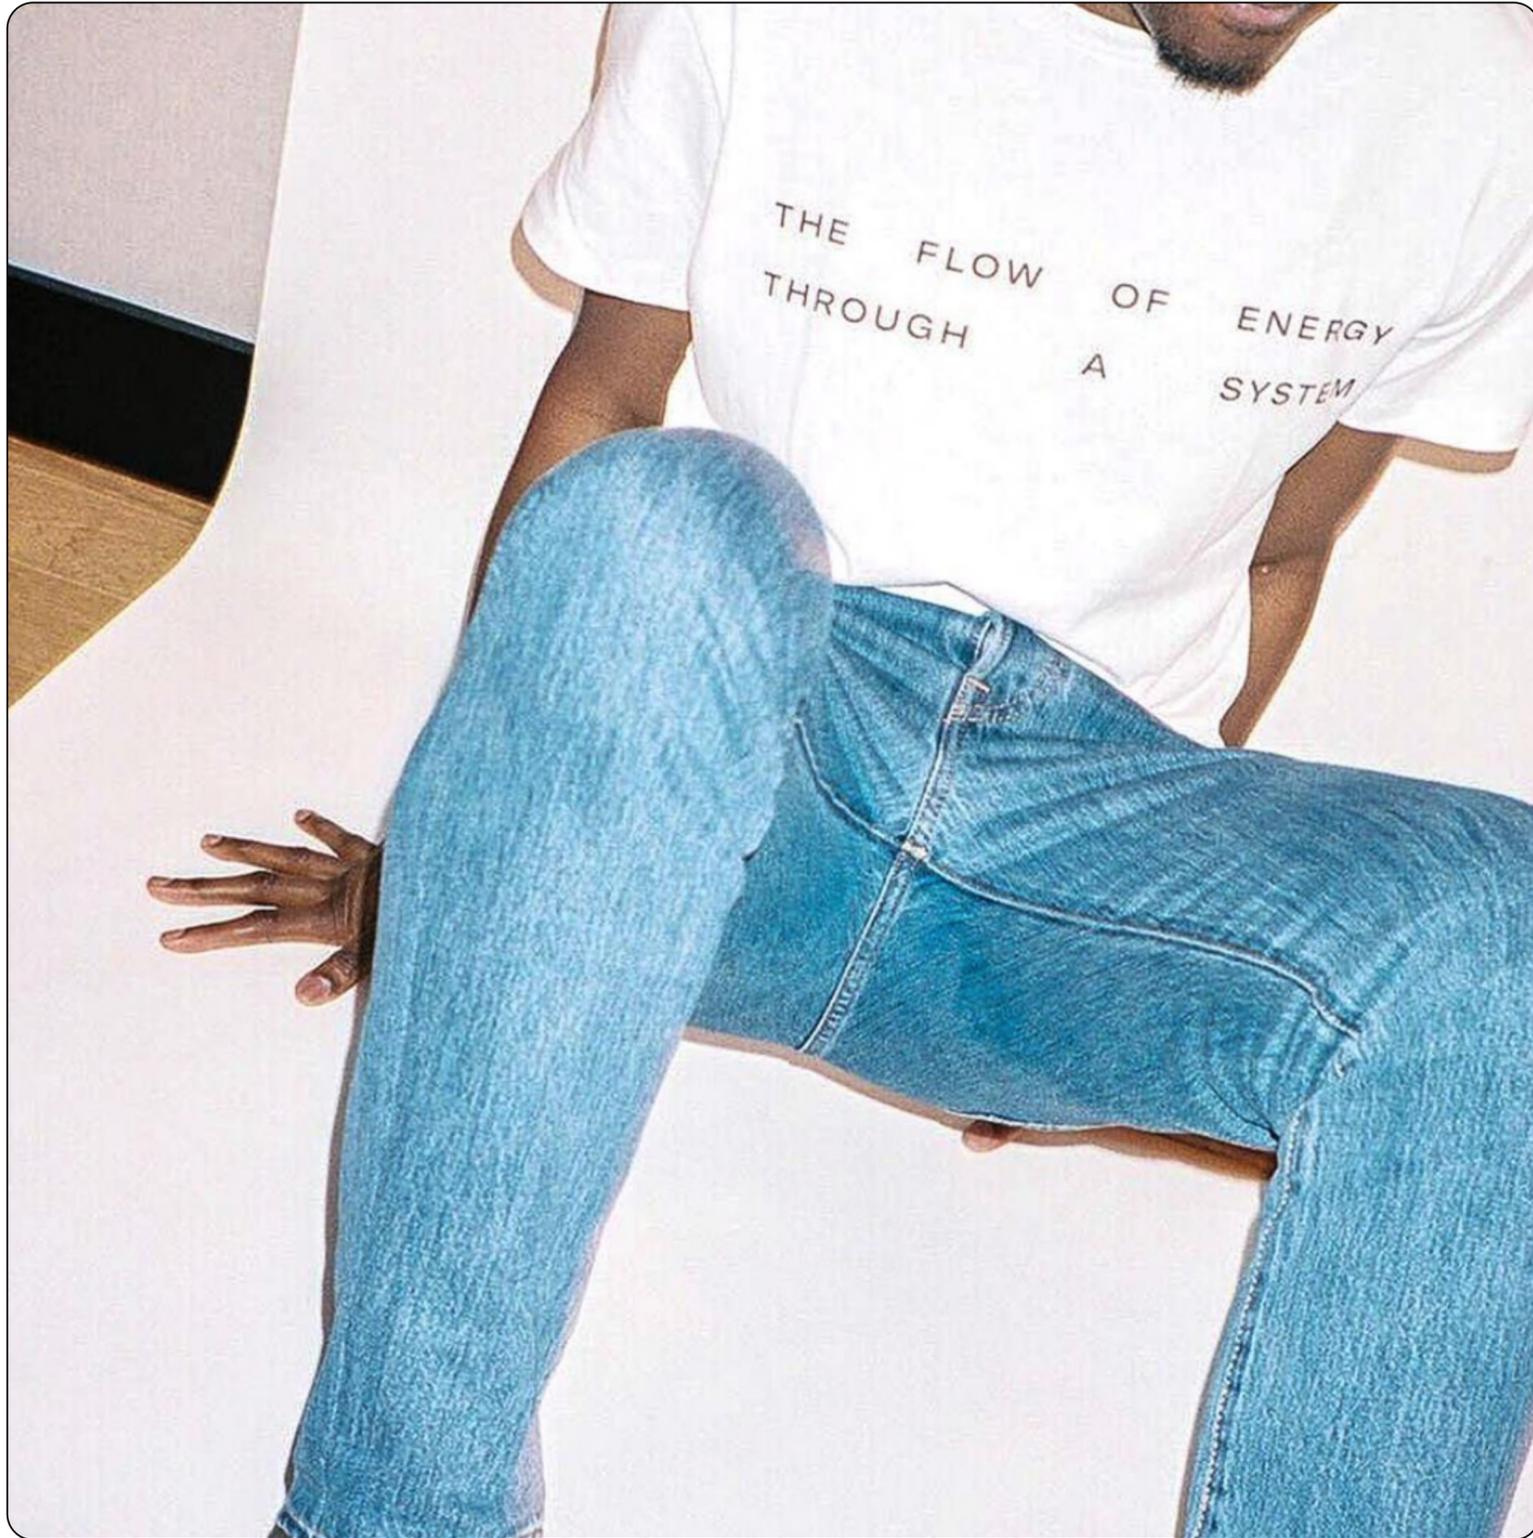

We are blessed to be a part of DC's national progressive ecosystem, offering a home for those who work tirelessly on pushing policy toward justice. These organizations are patrons at Eaton because they know their business allows us to support organizations with smaller budgets. Our space is built for those who value inclusivity, accessibility, and intentionality.

Baker's DAUGHTER

Baker's Daughter is a boutique café and market from the team behind Gravitas. With three locations in Washington, D.C. the all-day cafe offers breakfast, coffee and fresh-pressed juices, baked goods, prepared foods, grab-and-go sandwiches and salads, gourmet grocery items, and more.

Michele's

From the team behind Gravitas and Baker's Daughter, Michele's will offer an upscale New American dining experience with a French accent and international flair. The menu of family-style dishes designed to be shared focuses on Mid-Atlantic produce and ingredients with dishes like a Gruyère omelette with fine herbs and morel mushroom salad, a plate of white asparagus is served with charred spring onions and béarnaise, and uni custard is matched with Maryland crab and grapefruit sabayon.

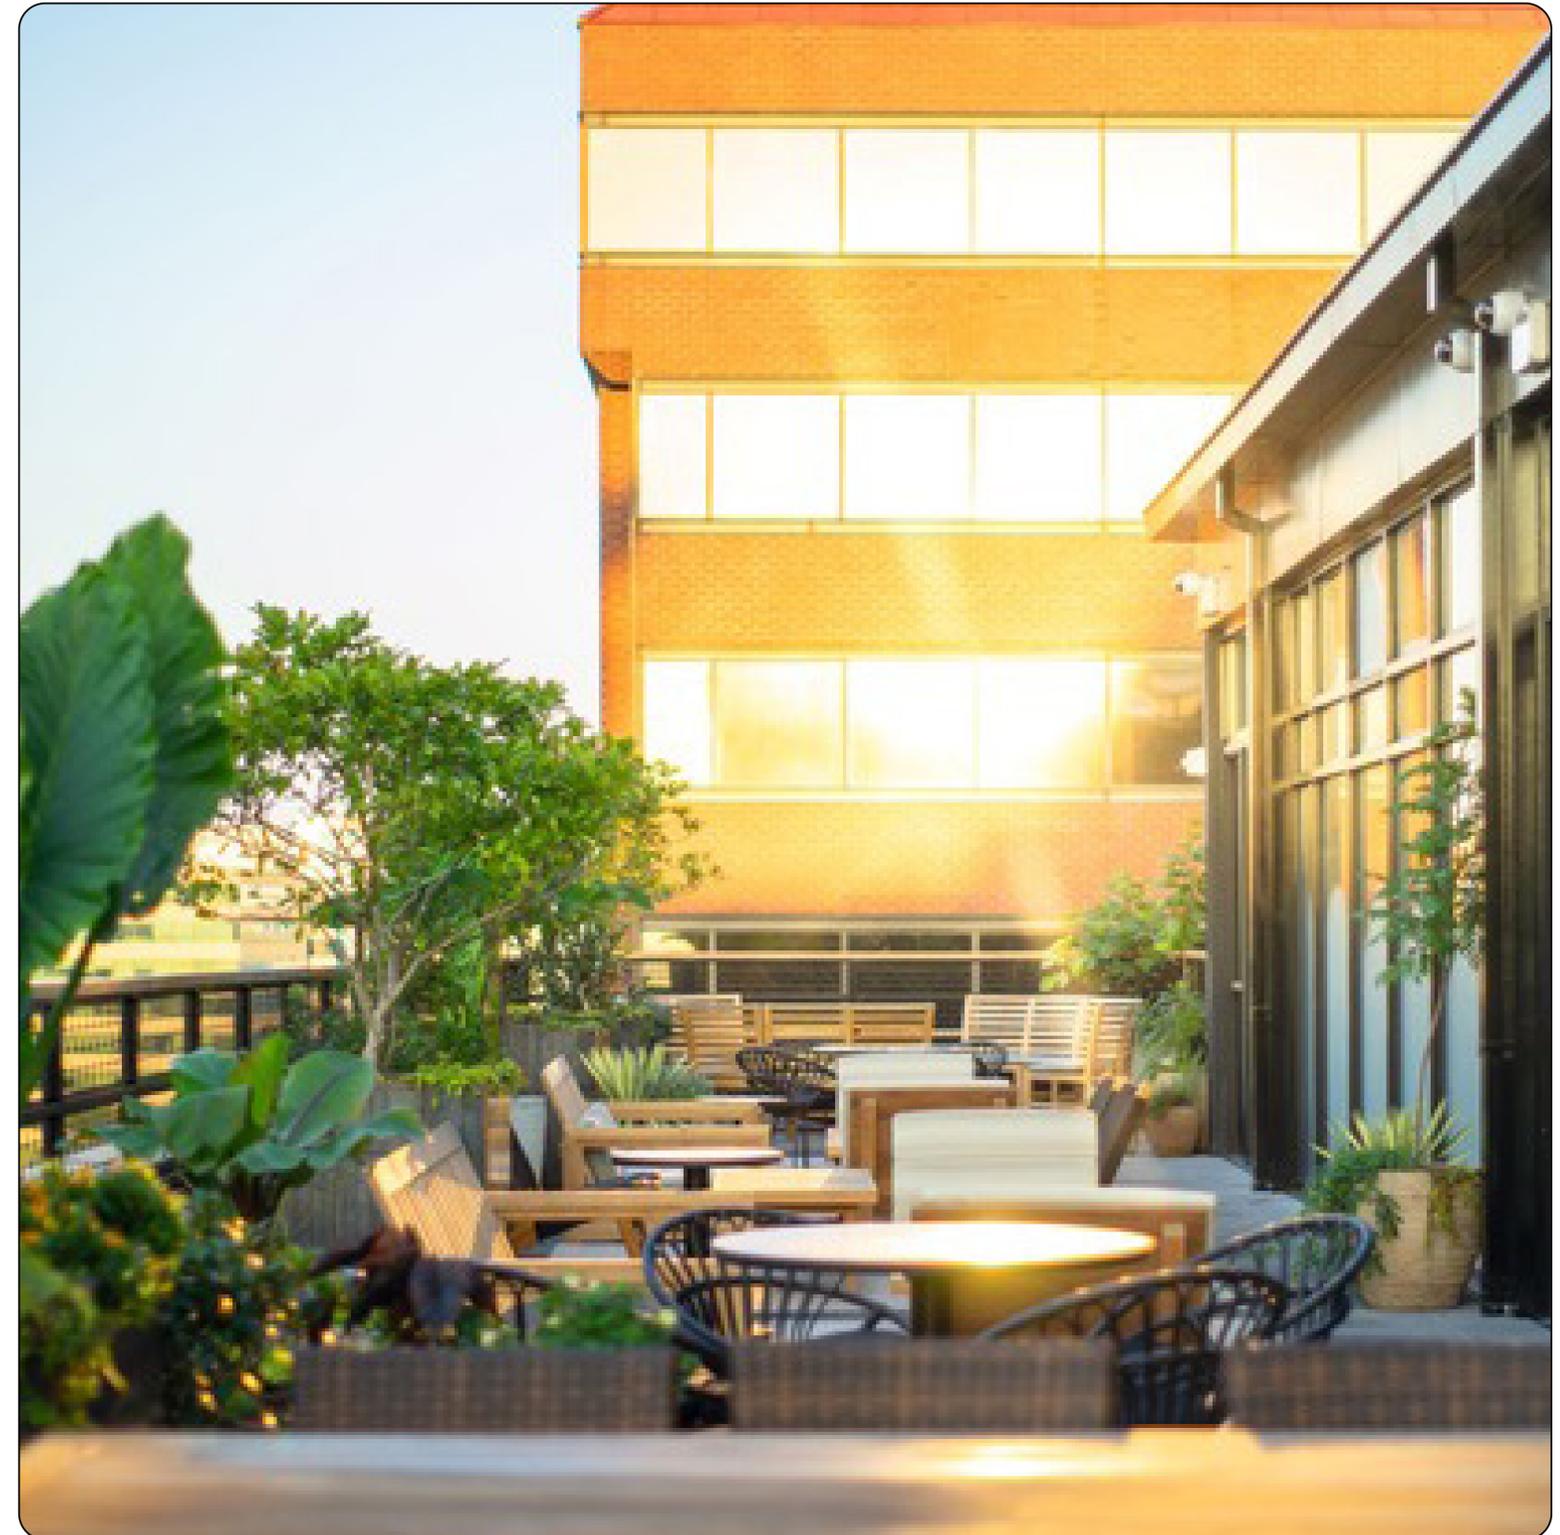

Allegory

Allegory is a cocktail bar located behind our Radical Library. Erik Thor Sandberg's mural tells the story of Ruby Bridges, the first African-American child to desegregate an all-white school in Louisiana, in the spirit of Alice in Wonderland. The radical spirit is complemented by a laid-back experience inspired by the books right outside. The lounge also welcomes musicians for intimate and "unplugged" performances.

Wild DAYS

Wild Days is a music venue on Eaton DC's rooftop, with sprawling indoor and outdoor space, sweeping views of downtown, and a subversive mosaic mural by local artist Zoe Charlton that celebrates the power of anti-colonialism and modern feminism. Expect cult live concerts and DJ sessions, plus tasty cocktails and our own taco joint.

In honor of William Sidney Pittman, one of the first African American architects and the designer of the Twelfth Street YMCA, the first ever for African Americans. Honoring the connection to 12thstreet and directly connecting U Street and K Street and Eaton to that neighborhood. Also since the 12thstreet YMCA was a place of planning human-rights and activist strategies, it's a strong connection to revolutionary histories.

WOMEN'S AQUATIC NETWORK

“Eaton Hotel is unique. The Women’s Aquatic Network (WAN) is a DC non-profit ‘bringing together professionals with interests in marine, coastal, and aquatic affairs.’ We found the Eaton Hotel the perfect place to hold our event. The location is ideal to allow easy access with public transportation via metro, walking and biking, for our members as well as the audience we reach out to.”

MOWFF

ISISARA BEY, ARTISTIC DIRECTOR

“The partnership between Eaton Workshop and the March on Washington Film Festival is built on a shared mission of living the principles of racial equality and social justice, on mutual trust and respect, and a genuine appreciation and spirit of cooperation between our respective team members.”

COLOR OF CHANGE

CHAD STANTON, SR POLITICAL DIRECTOR

“Color of Change is an organization with a high commitment to centering black joy in our work. It is important that we create spaces where people can celebrate the successes of their work. This recently led us to seek a venue to partner with as we sought to create a new signature event for our organization, Champions of Change. The Eaton was the perfect venue to partner with, their aesthetic perfectly matched with our brand.”

ARCHITECTURAL DIGEST

“With so much under one roof, it’s hard to put Eaton DC into one category.”

SMITHSONIAN ASIAN PACIFIC AMERICAN CENTER

LAWRENCE-MINH BUI DAVIS, CURATOR

“Eaton DC is the perfect space for creating the atmosphere we wanted and needed for our Festival— one of welcome, care, and commitment to shared liberation. We held the majority of our Festival programs in the space, from packed performances to intimate workshops to immersive installations, and hosted all of our performed in Eaton stay rooms.”

NEW YORK TIMES

“If you need a break from the corporate, cookie-cutter sterility of Marriott and Hilton, this is your safe space.”
